Notes to Consolidated Financial Statements

Note 1. Summary of Significant Accounting Policies, Loans page 94

1. Please revise future filings to disclose how you determine that future payments are reasonably assured in order to return a nonaccrual loan to accrual status. Specifically

disclose if a borrower needs to make a certain number of monthly payments before returning a loan to accrual status.

2. Please tell us and revise future filings to disclose the following information about your troubled debt restructurings (TDR's) accounting policies.
 - Does the accrual status of a loan change after it has been classified as a TDR and if it does please explain how you determined that was appropriate;
 - Under what conditions do you remove a loan from TDR status; and
 - How you determine that future payments are reasonably assured in order to return a nonaccrual loan to accrual status. Specifically disclose if a borrower needs to make a certain number of monthly payments before returning a loan to accrual status.

Note 7. Fair Value page 118

3. We note you use appraisals in determining the fair value of collateral dependent loans, please tell us and revise future filings to address the following:
 - How and when you obtain updated external appraisals and how this impacts your amount and timing of your quarterly and annual periodic loan provision(s) and charge-offs;
 - The typical timing surrounding the recognition of a collateral dependent loan as non-performing and impaired, when you order and receive an appraisal, and the subsequent recognition of any provision or related charge-off. In this regard, tell us if there have been any significant time lapses during this process; and
 - Whether you have charged-off an amount different from what was determined to be the fair value of the collateral as presented in the appraisal for any period presented. If so, please tell us the amount of the difference and corresponding reasons for the difference.
